

PARTNER REFERRAL PROGRAM

Signature Structures LLC was formed on the premise that our customers become our partners and a long term relationship starts when a project is successfully completed. We separate ourselves from the competition by providing a design/build package to selective clients in search of quality structures and professional service.

We are interested in working with companies and individuals that share our drive, focus and values to determine the best solution for our clients. If you believe in the same philosophy as we do, you have the opportunity to become a part of Signature's winning team that promotes lead sharing and long term mutual success.

Who is a part of the Signature Team?

Signature works with architects, consultants, construction management companies, general contractors, existing facility owners and individuals in the know.

Why should you want to be part of the Signature Team?

Most importantly, you will have confidence in knowing that you are working with an honest and reputable company. Upon project completion, we pay a finder's fee for any project that closes as a result of a referral. Other opportunities include potential ancillary product placement for vendors and suppliers, and discounts on our maintenance and refurbishing program for existing facility owners.

How to become a part of the Signature Team?

Fill out an information request form (on our website) to let us know why you should be a part of the fastest growing tension fabric structure company in the industry.
